

# MARCIN ŁĘTOWSKI

## DEVELOPER

### SKILLS

- Solidity Programming: Proficient in writing and debugging smart contracts using Solidity, the programming language for Ethereum and other blockchain platforms.
- Smart Contract Development: Experience in designing, developing, and deploying secure and efficient smart contracts on Ethereum and other compatible blockchains.
- Web3 Infrastructure: Proficient in utilizing tools and frameworks like Hardhat, Remix, Ganache, Alchemy and Infura for smart contract development, testing, and deployment.
- Cryptography: Familiarity with cryptographic algorithms, digital signatures, encryption, and secure key management within the context of blockchain technology.

### EXPERIENCE

#### OWN PROJECTS AVAILABLE ON GIT HUB

<https://github.com/Xardesso>

#### BLOCKCHAIN DEVELOPER APPRENTICESHIP AT BCAMP

BCAMP 17.06.2024-29.07.2024

I participated in a BCAMP Apprenticeship. During this time I leveraged my knowledge to work in the Blockchain ecosystem and Smart Contract Solidity language.

#### INTERNSHIP AT CKZ KONIN

CKZ 11.03.2024-22.03.2024

I participated in an internship at CKZ. During this internship, we learning about Simens CNC machine programing.

#### INTERNSHIP AT LOCAL PROGRAMMING COMPANY "IT SERWIS"

It Serwis 26.02.2024-08.03.2024

I participated in an internship at a local programming company It Serwis. During this internship i worked in JS language.

#### INTERNSHIP AT SMURFIT KAPPA

Smurfit Kappa 03.10.2023-14.10.2023

I participated in an internship at Smurfit Kappa as a programmer. During this internship, i worked in JS and Python languages.

### EDUCATION

#### TECHNICAL COLLEGE STUDENT IN THE SPECIALIZATION OF PROGRAMMING (2020/2021-2024/2025)

Successfully passed Ethereum and Solidity Complete development course  
<https://www.udemy.com/certificate/UC-37dd1d4c-3fb6-42a8-b593-5975461210e5/>

Successfully passed Certificate of Introduction to Databases, which was based on SQL language and confirms that I have successfully completed the course.

Successfully Passed Simens CNC machines programming language exam and obtained a certificate.

Successfully Passed CEFR exam on level C2 PROFICIENT  
<https://www.efset.org/cert/CJ4UdH>
